5. (Internal Use Only - JSW) Talked with William Darden advising him that the former Brazilian president whom Senator Russell had in mind was probably Janio Quadros and that we had no specific evidence that he had taken out a lot of money when he resigned. During his short administration Quadros did not have the stigma of tolerating widespread corruption and graft. There is evidence that Quadros did increase his personal wealth considerably while climbing the political ladder. Darden thought this would be sufficient for the Chairman's purposes and said he would pass it on.

6. (Internal Use Only - JSW) After discussion with General Carter, attempted to arrange an appointment for General Carter to see Senator Russell on the retirement bill. In discussing this with Mr. Darden he thought it highly unlikely that the Senator had time and advised that we not push too hard on this one. He further suggested that I deal directly with the Senator's office.

I discussed this with Bill Jordan whose immediate reaction was that it was very bad timing to ask for such a discussion; nevertheless, I asked him to raise the point with "a light touch." Later Bill Jordan called to advise that he had taken this up with the Senator who said he would be happy to meet with General Carter after the civil rights debate is completed.

7. (Internal Use Only - JGO) Met with Mrs. Phyllis Piotrow, Legislative Assistant to Senator Kenneth B. Keating, and discussed with her briefly the paper titled "Czechoslovakian Economic Aid to Cuba". Mrs. Piotrow was interested in verifying that the 56 million in paragraph 2 included Cuban contributions as well as Czechoslovakian aid.

Mrs. Piotrow also provided a letter and several attachments which have been received by the Senator concerning GOLEM II missiles. Mrs. Piotrow indicated that the Senator is curious as to what might be happening to cause the number of items on this subject which have been received by him from different sources.
